by bobble

Brew, press & go for the perfect cup of coffee every time.

Start the day right with presse, a clever one-cup-at-a-time coffee brewer that combines immersion brewing and reverse flow filtration.

1. **Brew.** Add medium-coarse ground coffee and hot water to tumbler and let brew for 3 minutes.
2. **Press.** Put lid on inner press and push down.
3. **Go.** Enjoy! Coffee stays hot for hours.
 - Micro-filter prevents over brewed bitterness and grit
 - 3-wall insulation keeps your coffee hot for hours
 - No plastic pod or paper filter waste
 - Made of food-grade 304 stainless steel and food-grade, high-temperature silicone
 - Top-rack dishwasher safe
 - Designed in the U.S.A., made in China

MSRP: \$29.99-\$34.99
